

NJ Fun Arts Digital Submission Information + Guidelines

Certificates will be handed out that day and Coaches comments will be emailed to the participant's Kids Min Pastor/Leader.

PHOTOGRAPHY ENTRIES:

Please submit these categories as a high-resolution jpeg, png or PDF.

VISUAL ART ENTRIES:

Submit a 360-degree video showing all sides/angles of your entry.

Start the video showing the front of your entry closer to the level your entry is sitting at, and pause for 5 seconds. Slowly walk around your entire entry at the same level.

When you get back to the front of your entry, continue recording and slowly elevate your recording device and walk around your entry again, to show the elevated view to evaluators.

When you reach the front of your entry for the second time, continue recording, pause for 5 seconds, and end the recording.

Good practices for submitting a visual art entry:

Only use a cell phone (no edits, or spliced recordings.) The video must be done all in one take.

Record the presentation in landscape layout (phone flipped on side).

All videos must be filmed in a well-lit, public place (living room, kitchen, backyard, etc.), not the students' bedroom.

ALL WRITING ENTRIES:

Please submit these categories as .pdf files.

Directions for Submission:

Please send all files to njym@njag.org and include the students name and category name in the subject of the email. If sending a google drive link or dropbox link, please make sure it's accessible to anyone viewing.

Entries can be submitted by students/parents/guardians or by the students Kids Min Pastor/Leader.
